Meet the team

This month we would like to introduce you to Katherine Mann, Director.

Katherine has been in the education field for 14 years, and was previously Group Publishing Director at Hobsons Plc. She has led the British Council Education UK publishing project, launched global student recruitment initiatives with NAFSA and Edexcel, and directed international student recruitment projects for UK boarding schools. Katherine has also worked alongside clients such as UK Visas advising them on research projects, as well as curating events and exhibitions for The British Council.

Katherine says, 'When we set up Postgrad Solutions four years ago, we were determined to offer not just the best results in the field but the best customer service, too. Our client feedback to date indicates that we are definitely getting there. We would love to hear from you regarding how we can improve our service and what else we can do to make your advertising with us as efficient and enjoyable as possible.'

Rob Houghton (my co-director) and I still spend a lot of our time liaising with our clients to ensure that we are as close to your needs as possible, but please do let us know any feedback, good or bad!

Katherine's New Year's resolution is to become less obsessed with Jack Bauer from 24, and to learn how to do the front crawl!
