Monthly News Update

New Postgrad.com course search facility makes life simple

February 2010

We have updated our course search facility to make life easier for students searching our database for specific courses. Postgraduate courses throughout the UK are becoming more bespoke to the individual students, and with over 25,000 courses to choose from a student needs a fast and effective way to find what they are looking; our new search engine embraces this.

Now students can freely type in what subjects they're interested in and the selection of courses that comes back will be exactly what the students want, therefore helping students to extract the information from the site with ease giving them a hassle free experience. We have more exciting developments planned across all three sites over the coming months.

We want your postgraduate news!

We are determined to keep our three websites - www.postgrad.com, www.lmstudy.com and www.studybusinessmasters.com as up-to-date and relevant to the postgraduate students as possible. With this in mind we are constantly adding brand new news stories and the latest postgraduate event information. In February alone we posted over 50 news stories across the three websites, and we are currently showing the information for over 60 postgraduate events throughout the UK and the rest of the world that are due to be taking place between March 1st and September 30th 2010. To make sure your institution remains at the forefront of the potential postgraduate student's mind, please send through any exciting news stories or relevant postgraduate events to news@postgradsolutions.com and we can make sure that we add them to our websites.

Meet the team

This month we would like to introduce you to Rob Houghton, Director.

Rob has 12 years' experience with postgraduate education clients and spent the first nine of those with Hobsons' Education Team, in which he played an integral role in improving Hobsons' Education Business. During his career Rob has managed marketing campaigns for over 50 UK universities, ensuring that their marketing is appropriate, value for money and yields a trackable return on investment. Since launching Postgrad Solutions with his partner Katherine Mann three years ago, he has successfully found new and innovative ways of helping Postgrad Solutions' clients achieve their goals.

Rob recently got engaged and is massively excited about getting married. Rob is now spending most of his weekends being dragged around weddings fairs, which is having a considerable effect on his golf handicap!

Postgrad Solutions would like to congratulate Sandy Bhargal our Sales Director on getting married on January 31st 2010. We wish her and her husband all the best for the future.

We wish you a successful spring recruitment period! From the Postgrad Solutions team
